

Self check-in

Welcome to our inn

With this short instruction, you can access our inn and your guest room outside of our regular check-in hours. We would like to welcome you to our inn and hope you have a good time with us.

Step 1 - access to the inn

If you are standing in front of the inn, you will find our guest entrance on the right side (at the driveway). To the left of the door you will find our keybox. You can use the code B17182 to open the key box. Press letters and numbers one after the other and turn the knob to the right will open the keybox. In the keybox you will find the key to our front door and you can open it. **Hang this key back in the keybox after use.**

Step 2 - your key

After entering, you will find your key (with multiple keys there is a tag with your name on the key) of the guest room on the tea cabinet in the hall. The key is to your guest room, the guest entrance and also the bicycle shed (at the end of our driveway). Here you can store your bicycles.

Step 3 - key back in keybox

We ask you to put the key to our front door back in our keybox. You can close the box by turning the round knob to the left. The front door can be closed on the inside with the rotary knob. Would you also like to close the bicycle shed after use?

Step 4 - your room

At the end of the hallway, the stairs lead to our guest rooms. On your booking confirmation you will find the name of your guest room. The name of the room is written on the wall next to the room in ornate letters. The square key gives access to your room.

Step 5 - further information

In your room it is self-explanatory. In the hallway you will find tea and coffee making facilities and reading materials. For a fee there are wines and chips in the pink cupboard. Would you like a cold drink? You can grab it yourself from our bar on the ground floor. Until approx. 23:00 you can also use our sitting area and garden terrace.

Step 6 - breakfast

Breakfast is served to you downstairs in our inn. We will prepare your breakfast for you at an agreed time. This is possible between 07:30 and 09:30. If this has not yet been agreed with you, you can email the desired time of breakfast to reserveringen@herbergswaen.nl.

we wish you a very pleasant stay
